COLIPA RECOMMENDATION N° 3
ON
PRODUCTS FOR CHILDREN UNDER 3 YEARS OF AGE

When a product is presented in its denomination, its presentation or its advertising to be used by children under 3 years of age, it is essential that qualified persons responsible for the assessment of the safety of the product, according to article 7a.1.(e) of the modified Cosmetics Directive, take into consideration specific problems related to children under 3 years of age, in their safety evaluation. Special attention should be paid to safety assessment if perfumery materials and/or ethanol are present in the formulation.
